# The Revolutionary Biogenic Extract

*100% Citrus Extracts: Grapefruit, Tangerine and Lemon Extracts in a base of Vegetal Glycerin*

Agrisept is being called "the revolutionary anti-virus." Its efficiency and many uses are remarkable. Agrisept addresses one of the main inhibitors to weight loss which is *Candida Albicans* overgrowth. A preventative, fungus-killing treatment with Agrisept is an excellent way to start a diet or weight-loss program. Agrisept has been laboratory tested with astounding results. This natural product has no harmful side effects and is non-toxic. Agrisept is manufactured by Michel Grise and is the exclusive and proprietary product of Essentially Yours Industries.

## LABORATORY TESTED

1. In live blood testing of blood containing candida (yeast) and bacteria, Agrisept was effective in removing all candida and bacteria in 25 minutes! Alone in testing, grapefruit seed extract showed improvement but did not kill all of the yeast and bacteria, consequently they could grow back. Agrisept is so safe you can put a drop in your aquarium to prevent algae growth and it is perfectly harmless for the fish.
2. In laboratory tests conducted by a research institute, Agrisept was effective in deactivating the HSV-1 (herpes virus of type #1) after an immersion of 10 minutes in a solution of 1:256.
3. Against the flu virus A2-Aichi-2-68 in test tube, the MIC for Agrisept was the same 1:256. The fact that Agrisept has effectively inactivated both virus HSV-1 and ETA of the flu, suggests that EPA virology tests will demonstrate the amazing efficiency of the product.
4. In South America, a lab reported that Agrisept showed efficacy against the measles virus.

## Agrisept Is Used To Kill

- ◆ Influenza
- ◆ Parasites
- ◆ Fungus
- ◆ Salmonella
- ◆ Tourista

# HOW TO USE AGRISEPT

**CANDIDA ALBICANS: (YEAST):** 8 drops, in 8 oz of water, 3 x a day, 15 minutes prior to meal, for 10-30 days. After this time, take 4 drops, 2 x day for maintenance.

**PARASITES:** 8 drops, in 8 oz of water, 3 x a day, 15 minutes prior to meal, for 3-6 months. After this time take it 2 x a day for maintenance.

**HERPES:** Internally: 8 drops, in 8 ounces of water, 3 x a day, 15 minutes prior to meal, for 30 days. After this time take it 2 x a day for maintenance. Topically: mix 5 drops with 1 oz of distilled water in a dropper bottle - apply on lesions. Genital herpes: mix 3-4 drops in a bath tub filled to hip level with lukewarm water and soak for 15-20 minutes.

**SORE THROATS:** Gargle with 2-3 drops in a glass of water.

**GINGIVITIS (GUM DISEASE):** 2 drops on toothbrush every morning until symptoms cease.

**SKIN & NAIL FUNGUS:** Apply topically at bedtime.

**ATHLETES FOOT:** Mix 10 drops per 8 oz of water in a spray mist bottle. Spray on feet before bedtime.

**WARTS:** Place 1 drop on wart and cover with a bandage after absorption.

**DRINKING WATER:** 10 drops for each gallon of clear water. Agitate or mix vigorously and let it rest for a few minutes. May be used as a prophylactic agent for those who travel abroad.

**RINSING FRUITS & VEGETABLES:** Mix 7-8 drops per gallon of water and soak your fruits and vegetables for 15 minutes. After soaking rinse thoroughly.

**RINSING FISH, POULTRY & MEATS:** Put 7-8 drops in a spray bottle and spray the meat all over. Let sit for 15 minutes and rinse thoroughly. Pat dry.

**FOR HAMBURGERS:** Put 3-4 drops in hamburger mixture and let sit for 15 minutes before cooking.

**FISH AQUARIUMS:** Put 1 drop in tank every time you add water and no more algae! Note: Do not add more than 1 drop for most tanks.

**PET BIRDS:** Put 1 drop in water dish to remove existing parasites and prevent their growth.

**WATER CONTAINERS:** Put 2 drops in the water containers at home or office to prevent algae growth. Put 3-4 drops per gallon of water in humidifier tank to do the same.
