New products help men and women to regain their libido

Dr. Phil says 75% of all couples have problems in their sex life.

Other doctors estimate the figure to be even higher. This is demonstrated in the high divorce rate across North America. The former US Surgeon General Dr. David Satcher M.D. stated: "Our nation is suffering in so many ways because of the failure to address human sexuality." It's a shame we have trouble in communicating and seeking information about our most basic need which is so important for healthy relationships. In our professional life we gather so much

As they age, men and women in their 30's, 40's and 50's experience a decrease in energy, muscle strength and zest for life. Couples become worried and depressed when one of the partners develops difficulties functioning sexually.

The Mount Sinai School of medicine writes that 50% of men over 40 have performance problems. In women it is still higher and starts earlier. When this happens some seek help and others just give up on their sex life or have affairs. All health professionals now recommend a satisfying sex life for physical and mental well-being. Our sexuality is a fundamental part of our lives.

It's integral to virtually everything we do; socializing, traveling, and it's everywhere we look; on the TV, in advertisements. It influences the

I even noticed morning erections. It's been years since that happened. Erections are stronger and longer lasting. What a surprise, my pubic hair has turned from gray to black again. Viagra didn't work all the time. Wife's comment: "Of course,

Eroxil™ helps most men to rejuvenate their sexual reproductive system. **Eroxil™** is not a drug. Eroxil saved our marriage!

My wife is 20 years younger. I was beginning to worry about performing and making her happy. After my second box I felt it was like a miracle. My libido was up, better orgasms, feel younger, improved relationship, increased self-esteem, my pubic hair is getting darker. Thank you!

Eroxil™ gave back sexual urges

I'm 82. Over the past 10 years I have not had any sexual urges. After taking Eroxil for 2-1/2 weeks sexual potency returned as well as great orgasms. A wonderful and superb product. No side effects.

Wife's comment: I surprised the "hell" out of her.

J. Walton Wyche, 82, Ottawa, ON

Wife says "Bloody magnificent"

I'm amazed how fast it worked! After 5 days on Eroxil I could function like before my operation. I had a severe prostatectomy removing a cancerous prostate, plus radiation in 2001. Two prescription drugs and other natural products were of no help. No side effects.

Jim Buckner, 63, Simcoe, ON

More energy, less tired! I don't get tired anymore. While driving home after work or driving home at midnight after ballroom dancing I had to fight falling asleep. All this tiredness is blown away since taking Eroxil every day.

Nick A. Jerch, 75, President of Bell Lifestyle Products Inc.

Greatest gift of my life!

Erosyn™ has been a miracle for me. For the first time in my life I've been able to enjoy orgasms. Before that I never felt anything since I've been sexually active. It was so disappointing. This little pill really did wonders for me.

Esperanza Bahena, 31, Chicago, IL

Happy to enjoy intimacy again!

I started menopause and thought I would never feel like myself again in bed. **Erosyn™** helped me to feel like I'm still desirable to my spouse. My husband is very pleased with my increased libido and interest.

Donna O'Neill, 47, Warminster, PA

Enjoying sex life again with Erosyn™

I went immediately into menopause after hysterectomy surgery to remove a fibroid tumor. After that I became a textbook example of menopausal symptoms. A friend told me about how she regained her libido and interest in intimacy with **Erosyn™**. I was happy to try it and it worked within 6 days to my husband's delight and mine. Vaginal dryness was relieved and I feel wonderful and alive. Thanks for a natural product with no side effects that really works. Get these prod-

Sexual desire is back with Erosyn™

My sexual desire is greater now than it has been for 30 years. My enjoyment is more explosive than it ever has been before. It's wonderful to have such ecstatic joy in such a natural way. I've tried herbs and tinctures that gave false expectations and were all a waste money.

Eve Jameson, 58, Kingman, AZ

I'm initiating sex more often again

My experience with **Erosyn™** was gentle & surprising. All the changes simply feel natural. The rhythm of my sexual energy is back. I'm initiating sex more often again. The biggest surprise was my pubic hair has grown back. A sure visible indicator that my whole system is more youthful. It had thinned a lot when I went into menopause. In the last 15-20 years I had lost a lot of interest. I'm enjoying our new sex life. My husband takes Eroxil and is more spontaneous and more playful.

Yhanna Coffon, Age 65, Gloucester, MA

Desire increased with Erosyn™

With regret I noticed a decline in my interest in sex in the past 2 years. After taking **Erosyn™** for 2 weeks I noticed a more loving and desirous attitude. My sexual desire increased noticeably.

Operia Prodanovic, 49, Stockton, CA

Intimacy like 35 years ago

Erosyn™ is awesome! My husband is very happy. Our sex life is better now than even when we were dating - 35 years ago! I never had climaxes like this when I was in my 20s. Makes you feel sexier and more desirable. I could feel the difference in one day! An excellent product that gives us so much more of life's greatest satisfactions. No side effects. Husband's comment: He is more in love now than ever. Looks forward to date nights every week.
